Yitzchak (Isaac) Ben-Ami

917.842.9282 | benami.yitz@gmail.com

11 Burton Ave, Woodmere, NY 11598

EDUCATION

Queens College, *2015 - 2019*

Bachelor of Arts in Computer Science

EMPLOYMENT

Software Engineer Intern

Start Right Ventures, New York, NY

Aug 2017 – Jan 2018

Responsibilities included

- Building a streaming platform using JavaScript, HMTL, and CSS
- Used Node.Js, WebRTC, and a SQL/MySQL database

Web Development Intern

Discount Surgical Stockings, Brooklyn, NY

June 2016 – Aug 2016

I worked for an online surgical stocking company where I shadowed the company's CTO. He taught me how the database was structured and worked; explained how to organize and develop an eCommerce website with hundreds of pages; and I used Tableau to help understand customer sales trends based on over a decade of sales data.

Technologies used: Tableau, MySQL

Customer Support/IT Support

Unzer Pharmacy, Williamsburg, NY

June 2015 – September 2015

I spent a summer working for Unzer Pharmacy as an overall "Tech Guy". I spent most of my time there transitioning their business from an over the phone or mail order business to an internet-based business. Aside from that I acted as an IT guy in the office; I helped co-workers fix software issues, troubleshooted printers/computer hardware, and anything else they needed help with.

Awards/Achievements

Freshman Honors Program

Member of Queens College ACM Chapter

2nd place in first ever Making Coding Possible Competition

Completed Half Marathon in December of 2018 with a 8.5 minute per mile pace
